Forecast for Tuesday 20 Jun 2023

Weather: Overnight mist and fog patches may develop in the early hours but remaining mainly dry with some clear spells too. A bright start to the day, once any mist clears, and mainly dry through the morning. Some afternoon showers will develop but these will be infrequent and may places remaining dry but perhaps quite cloudy.

Chance of cloud-free hill tops above 800m: 90% patchy low cloud at times in the morning.

Low cloud and visibility: Some patchy low cloud above 600m in the morning will mostly lift and clear, mostly cloud remaining above the summits but perhaps lowering in any showers for a time. Good visibility is expected although poor at first in mist and dipping moderate in any heavier showers.
